

MI AIM 2025 Designation Criteria

CALENDAR YEAR 2025

Measure Name	Measure Description	Total Points
Participation in MI AIM completed via attestation form in KeyMetrics due April 2026	<p>Commitment document for 2025 participation signed and returned by one member of hospital administration, one member of data or quality, and one member of OB team, including bundle implementation. Include staff changes/turnover throughout calendar year 2025 via email to keystone@mha.org.</p> <p>Required and due by January 31, 2025</p>	3
	Combination of meeting and webinar attendance	
	<p>Choose <u>four</u> of six options to receive full points:</p> <ol style="list-style-type: none"> 1. At least one OB physician and/or one member of the hospital team attends the 2025 Mother Infant Health Summit and/or networking reception 2. Complete MI AIM Orientation in KeyLearnings (release date TBD). 3. Attend 2025 MI AIM Regional Training Sessions (dates to be announced on the MI AIM website when released). Hospitals are encouraged to attend the session that pertains to their region. 4. At least one OB physician and/or one member of the hospital team attends two Regional Perinatal Quality Collaborative meetings and actively participate (i.e., report the date(s), subjects discussed, and hospital team members that completed a report out). 5. At least one member of the hospital team attends and participates in at least 6 educational webinars with one focusing on health equity. 6. Host MI AIM to virtually present at your hospital and/or provide scheduled educational meeting for OB providers and nurses (such as Grand Rounds) reviewing of MI AIM bundles. 	8
	Attestation survey in KeyMetrics	
	<p>Attend MI AIM webinar and complete application to enroll in the Maternal Levels of Care (MLoC) Verification Program of The Joint Commission (TJC) <u>or</u> for hospitals already enrolled in the MLoC Verification Program, continue with next steps of implementation.</p> <p><i>Note: Hospitals must be participating in the MLoC Verification Program and fully in MI AIM (i.e., implementing one MI AIM bundle and submitting corresponding data into KeyMetrics) to receive an annual Maternal Health Quality payment from the Michigan Department of Health & Human Services.</i></p>	5
	Provider Education	
	<p>Provide annual education for hospital staff on all of the following topic areas-hypertension, hemorrhage, sepsis, and respectful care (for example: trauma informed care) assuring consistent orientation on these topics for new staff (2 pts per topic).</p> <p>Completed in KeyMetrics in the process measures</p>	8

Measure Name	Measure Description	Total Points
2025 Data Reporting (20 pts)	<p>Complete structure survey by April 25, 2025 in KeyMetrics.</p> <p><u>Report monthly process measures (Jan '25 – Dec '25)</u></p> <p>Submit monthly data no later than two months after the end of each month (data deadlines within KeyMetrics). [One point for each month an additional +3 points for 12 months of on time data.]</p> <p>Attestation survey in KeyMetrics</p>	5 15
Bonus Points (5 pts)	Submit all process measures by race/ethnicity for each safety bundle in KeyMetrics	0*
Implementation (50 pts)	Hemorrhage (15 pts) 20 chart abstractions per month [10 vaginal deliveries and 10 c-section deliveries or query all deliveries]	
	Average of <u>>90%</u> of deliveries have a PPH Risk Assessment completed once on admission into L&D	5
	Average of <u>>90%</u> of deliveries have a PPH Risk Assessment completed once admission to postpartum	5
	Average of <u>>90%</u> of all deliveries have QBL	5
	OR	
	<i>Show improvement</i> in percentage of deliveries that have a PPH Risk Assessment completed once on admission into L&D/admission to postpartum and percentage of all deliveries have QBL from calendar year 2025.	15
	Severe HTN (20 pts) All cases up to 20 chart abstractions per month	
	<u>>80%</u> of cases had a post-partum follow up appointment <u>scheduled</u> (FYI: no more than a 3 day follow up of an appointment scheduled from date of discharge for severe HTN event during birth admission & no more than a 7 day follow up appointment scheduled from discharge for an individual with a history of HTN)	5
	OR	
	Show any percent improvement in compliance for post-partum follow up appointment <u>scheduled</u> from calendar year 2024 vs. 2025	3
	AND	
	Average of <u>>85%</u> of cases time to treat severe range BP's < 60 minutes (include all cases that equal 160 systolic and/or 110 diastolic)	
	<i>For smaller hospitals with <15 cases that qualify for the denominator population –</i> Average of <u>>75%</u> of cases time to treat severe range BP's < 60 minutes (include all cases that equal 160 systolic and/or 110 diastolic)	15
	OR	
	Show improvement in time to treat severe range BP's < 60 minute from calendar year 2024 (include all cases that equal 160 systolic and/or 110 diastolic)	15

Sepsis (15 pts)		
	80% participation in the monthly sepsis collaborative meetings and submit all Sepsis data to KeyMetrics. Attestation survey in KeyMetrics	15
OBI (5 pts)		
	Average of \geq 80% of NTSV primary cesareans performed for dystocia meet ACOG/SMFM (this information is received by individual hospital from OBI Workstation and then hospital submits to MI AIM via attestation survey) Attestation survey in KeyMetrics	5
Total		100

Designation Focus

The focus of the 2025 MI AIM Designation is on implementation. We encourage each hospital to concentrate on the implementation of MI AIM patient safety bundles for obstetric hemorrhage, severe hypertension, and sepsis in maternal care.

Points

Platinum 95 – 100

Gold 75 - 94

Silver 60 - 74

Bronze 40 – 59

Participation

Note: Designation criteria for 2025 is from January 2025 – December 2025. All data must be submitted by March 1, 2026 to be shared during the 2026 Maternal Infant Health Summit.

***There is an opportunity to gain 5 extra points (bonus points) to submit all process measures by race/ethnicity for each safety bundle in KeyMetrics.**
